

Call for Nominations: Salmon users

The Northern Bering Sea Regional Aquaculture Association (NoBSRAA) representing Norton Sound/Bering Strait salmon users is seeking nominations for representatives and alternates for the following seats: 1) Commercial salmon permit holders; 2) Sport fishermen; 3) Subsistence users.

Necessary qualifications: To represent any one of the three categories on the NoBSRAA, a nominee must maintain a permanent domicile and mailing address, and be eligible to receive an Alaska Permanent Fund dividend, in one of the following communities: Brevig Mission, Diomedes, Elim, Gambell, Golovin, Koyuk, Nome, St. Michael, Savoonga, Shaktoolik, Stebbins, Teller, Unalakleet, Wales or White Mountain. To represent **regional commercial salmon permit holders**, a nominee must hold a valid Norton Sound/Port Clarence salmon permit (S04Z). To represent **regional sport fishermen**, a nominee must be eligible to sport fish for salmon and hold a license number. To represent **regional subsistence fishermen**, a nominee must be eligible to subsistence fish for salmon.

How to nominate: Petitions are available at www.nsedc.com, from NSEDC offices in Nome and Unalakleet, or from NSEDC community liaisons. Nomination petitions need to have 10 signatures from residents who also meet the requirements for the seat being sought by the nominee (i.e. a petitioner seeking to represent commercial permit holders needs to have signatures from 10 fellow permit holders).

Where to send petitions: Completed petitions for **commercial salmon permit holders, sport and subsistence fishermen must be received by 5 p.m. on September 13, 2019**. Petitions should be sent to the following address:

**NoBSRAA
Attn: John Baker/NSEDC
PO Box 358
Nome, AK 99762**

Phone: (888) 650-2477, Fax: (907) 443-2478

How representatives are selected: The members of the NoBSRAA board will vote on nominations for the sport and subsistence salmon users' seats at their annual meeting in November 2019. Commercial permit holders will vote for their nominee. The top vote-getters will be seated with the runners-up named as alternates. Newly elected representatives will begin their terms in 2020.

About RAAs: Regional Aquaculture Associations (RAAs) are intended to bring salmon fishery stakeholders to a common regional forum to discuss issues regarding salmon enhancement and human needs. One of the NoBSRAA's main responsibilities is to choose representatives to the Regional Planning Team, the body that writes the Comprehensive Salmon Plans and advises the Alaska Department of Fish and Game Commissioner on salmon hatcheries and local needs.
