### General Guidelines

The Norton Sound Economic Development Corporation (NSEDCC) Education, Employment and Training (EET) Program *Commercial Pilot Loan Repayment Program* is for Norton Sound residents who permanently resided in the region prior to obtaining their degrees or certification, and have been employed full-time as a commercial pilot with an air carrier based in Alaska for a minimum of one year with the intent of being stationed in the Norton Sound region. Residency in the Norton Sound region must be established prior to attending college or flight training school and maintained throughout schooling.

The program repays up to a total of \$20,000 of a student’s direct subsidized and unsubsidized federal loans, federal Perkins loan, or an established loan program specifically for professional flight training. Payments will be made to the lending agency over a 5-year period. Upon their second year of flying full-time in the region, residents meeting the below requirements will be eligible for the loan repayment program. The program is administered through NSEDCC’s Education, Employment and Training (EET) department.

- Established and maintained Norton Sound residency prior to and during college or flight training school
- Received, at a minimum, a degree in professional piloting or a commercial pilot certification
- Possess and maintain all certifications/ratings to fly commercially
- Employed full-time as a commercial pilot with an air carrier based in Alaska for at least one year, with the intent of being stationed in the Norton Sound region prior to starting Year 2 of the program

Under the program, Year 1 starts on the date that an application receives approval from NSEDCC’s EET department. Payment amounts are structured based on the loan principal balance at the time an application or yearly employment/residency verification is approved. For example, in Year 1 of the program, the payment is 10% of the loan principal balance at the time of the application’s approval. To encourage recipients to remain in the Norton Sound region flying commercially, the percentage NSEDCC repays increases each year. NSEDCC will furnish direct payments to a participant’s lending agency upon initial acceptance into the program and upon employment and residency verification in subsequent years. Participants must keep current their loan payments to remain eligible each year.

Year	Percent of Loan Balance*
1	10% up to \$6,000
2	20% up to \$6,000
3	30% up to \$6,000
4	50% up to \$6,000
5	100% up to \$20,000 combined for all years

*\*Loan balance refers to the remaining principal balance at the time of annual application/verification approval.*
